

Renovation, Repair and Painting (RRP) course in English or Spanish

Sponsored by:
MassCOSH

a non profit organization dedicated to
worker safety.

Construction Safety Project

TIMES AND DATES TO BE
ARRANGED

- Are you being left behind because you don't have a lead-safe supervisor's license?
- Do you or your co-workers work in unsafe conditions?
- Do you want to learn about construction safety in your own language and in the safety of your peers

If you answer "yes" to any of these questions, sign up for this one-day lead-safe training course.

Cost: \$185 per person (partial scholarships available)
Worker Center members: \$150

Cost includes course, materials, light supper, lunch and coffee
Location: Carpenters Union Center, 750 Dorchester Ave., Dorchester

This course will provide you with:
*Essential training in lead-safe work practices
*Information on how to protect children from lead hazards
*A lead-safe supervisor's license, which is required to supervise many residential renovation or painting jobs
Without this license, you may not supervise residential projects that involve lead paint.

To register, or for questions, call Rick Rabin 617-825-7233 x21
